2001 Analytical Review DWCCA-160-PJL

Dear Ms. Peterson:

The Public Service Commission staff is in the process of completing an analytical review of your utility's 2001 annual report. The purposes of an analytical review are to detect possible reporting or accounting related errors and to identify significant fluctuations from established trends in reported data not sufficiently explained in the annual report. It is our hope that this review will supply information that will enable us to better provide guidance to your utility regarding proper utility accounting and the preparation of future annual reports. In order to complete this review, we request the following information:

1) During our review we noted that there was not an adjustment of \$1,060 made to Account 463, Public Fire Protection Service on page W-4 as was directed in item number 2 of our letter dated September 13, 2001, regarding our review of the utility's 2000 annual report. Please explain.

2) As directed in the head notes of the Water Operation & Maintenance Expenses schedule on page W-5, please provide an explanation of any expense account which changed by \$2,000 and 30 percent when compared to the previous year and follow this procedure in the future.

We appreciate your cooperation in providing the above information. These recommendations are intended to provide accounting assistance and should not be construed as criticisms of utility personnel. If you have any questions, please feel free to contact me at (608) 267-9198. Please respond within 30 days of this letter. We prefer that you respond by e-mail if it is convenient for you to do so. My e-mail address is peter.leege@psc.state.wi.us. If we have no questions regarding your response, you can consider the review closed.

Sincerely,

Subject: 2001 analytical review response - village of amherst water utility #160

Peter,

Marcy Peterson, the clerk-treasurer at the Village of Amherst forwarded the 2001 PSC analytical review and wanted me to respond on the village's behalf.

1. An adjustment of \$1060 was made in 2001 to the public fire protection charge. Please see attached excel workpapers backing up my calculation.
2. The following explanations need to be added to the footnotes section related to increases to operating expenses:
 - The increase in Chemicals (630) expense in 2001 was a normal increase in the cost and amount of chemicals purchased.
 - The increase in Employees Pensions and Benefits (686) expense in 2001 was due to an increase in the cost of health insurance in 2001.

I hope this helps and if you need any further information, please email or call me directly. Thank you.

WATER OPERATING SECTION FOOTNOTES

Water Operation & Maintenance Expenses (Page W-05)

Per review response:

- The increase in Chemicals (630) expense in 2001 was a normal increase in the cost and amount of chemicals purchased.
 - The increase in Employees Pensions and Benefits (686) expense in 2001 was due to an increase in the cost of health insurance in 2001.
-

Property Tax Equivalent (Water) (Page W-07)

MUNICIPALITY AUTHORIZED A LOWER AMOUNT DURING THE APPLICATION PROCESS TO INCREASE OTHER WATER RATES. NOTIFICATION WAS MAILED JUNE 27, 1995.
